

Financial Monitoring Disclosure

We want to inform our current and prospective students that our school is currently operating under financial monitoring. This status is a standard oversight measure and does not impact our ability to provide the high-quality education, training, and student support services that you expect and deserve.

Our programs, curriculum, instructors, and day-to-day operations remain fully functional and committed to helping students succeed. Students will continue to receive the education and hands-on training necessary to meet all program requirements.

Most importantly, financial monitoring does not affect a student's ability to complete their training, qualify for state board examinations, or obtain a barber license upon successful completion of all applicable requirements.

We remain dedicated to maintaining educational excellence and supporting every student on their path to a successful career in the barbering profession. If you have any questions regarding this matter, we encourage you to contact our administration team for additional information.

Thank you for your continued trust and confidence in our institution.
